Warning his insenstive behavior can be offening. I encourage all to look at the YouTube clip:

This guy has something coming to him, he also wants to stop the Quran from being

read in Holland, but there days are over, they can live in there fantasy world of the superior race and class rubbish.

It is better you do not even mail these kind of ♦people♦ it is a waste of time, let them indulge in there world of hate and paranoia, they might start thinking there achieving something if we give them notice.
